

## MEMORANDUM

From IMCO MISSION AGENCIES

*(Continental Mission, Indian Life Ministries, InterAct Ministries, Living Hope Native Ministries, Native American Partnership Ministries, Native Evangelical Fellowship of Canada, North America Indigenous Ministries, Northern Canada Evangelical Mission, Northern Youth Ministries, SEND North, and United Indian Missions International)*

## QUESTIONNAIRE

Your name came up as one who could likely help us in our relationship with an association of ministries among First Nations peoples. We are currently members of the Inter-Mission Cooperative Outreach (IMCO), an association of missionary organizations across North America.

Over the past four years, a number of First Nations people have said that IMCO needs to change and become more inclusive and representative of the increasing number of First Nation Christian leaders and ministries. The directors of the organizations that make up IMCO are asking for your input in making changes.

1. Would you like to see a Native-led forum for discussion and partnering with mission organizations?
2. Are you willing to be a part of that discussion or do you know of others in your organization who could be part of developing this partnership? The organizations that presently make up IMCO would be open to joining the new partnership team if invited.
3. If you don't want IMCO to disband, will you give us input or suggest others from your organization who could give input on a redesigning process?

### YOUR RESPONSE IS WELCOME
